3) READING – Brighton Pier

____ / 10 BE

Read the text about Amy's favourite place.

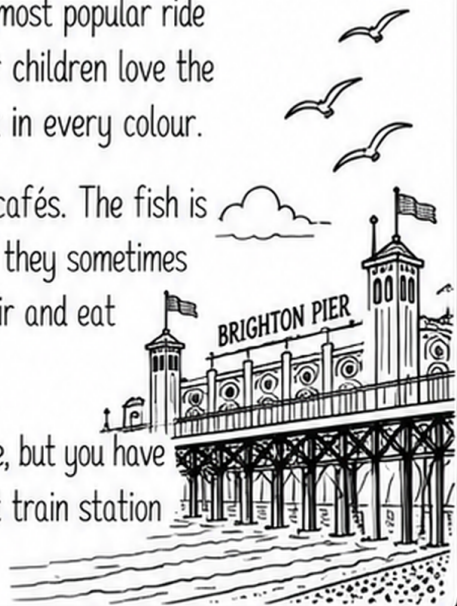

Amy's Favourite Place

Brighton Pier is one of the most famous places on the south coast of England, and it's Amy's favourite place for a day out. It was built more than one hundred years ago and it reaches 500 metres out into the sea. From the end of the pier you can look back at the long pebble beach and the colourful houses of the city.

On the pier there is an arcade with lots of games and a small fairground. The most popular ride is the roller coaster, which goes round a corner high above the water. Younger children love the carousel, and everybody likes the sweet shop, where you can buy sticks of rock in every colour.

When visitors are hungry, they usually buy fish and chips at one of the small cafés. The fish is fresh and hot, but you have to watch out for the seagulls! They love chips, and they sometimes take them right out of your hand. On sunny days, you can also sit on a deckchair and eat an ice cream.

More than four million people visit the pier every year. Walking on the pier is free, but you have to pay for the rides and the games. The pier is open every day, and the nearest train station is about fifteen minutes away on foot.

Are the sentences true, false or not in the text? Tick the right answer.
